

# AUNG MYINT MYAT

## INTERNSHIP

### PROFESSIONAL SUMMARY

Final-year Digital and Communication Engineering student aspiring to become a Cloud Engineer, with hands-on experience in cloud deployment, networking, and IoT integration. Skilled in configuring cloud services, Linux environments, and developing practical technology projects using modern tools and platforms. Passionate about cloud computing and distributed systems, with a strong interest in applying technical knowledge to real-world solutions and contributing to innovative engineering teams.

### PROJECTS

Computer Based Control

Huawei APAC

Lifelink capstone

Code for Hope Hackathon

Computer Network

Hylife Innovation

Image Processing

Senior Project Proposal

### CONTACT

**Phone:** 098-454-4058

**Email:** [aungmyintmyatchauk@gmail.com](mailto:aungmyintmyatchauk@gmail.com),  
[6631502055@lamduan.mfu.ac.th](mailto:6631502055@lamduan.mfu.ac.th)

**Address:** Chiang Rai, 57100

**LinkedIn:** [Aung Myint Myat](#)

**Website:** [Aung Myint Myat](#)

**Line:** aungdoublem

**Github:** [Aung Myint Myat](#)

### SKILLS

Cloud Computing

Linux

Git & Github

TCP/IP

MySQL

### LANGUAGES

English ( Upper Intermediate )

Myanmar ( Native )

Japanese ( JLPT N4)

### AWARDS

**Code for Hope Hackathon 2025**

1st runner up

**JIWC Competition 2024**

First Prize

**HUAWEI ICT COMPETITION - National Round (2025-26)**

Grand Prize Winner

**HUAWEI ICT COMPETITION - Regional Round (2025-26)**

Third Prize

### CERTIFICATION

AWS Certified Cloud Practitioner

HCCDP Solution Architects

HCCDP Cloud Migration

### ACADEMIC HISTORY

**Mae Fah Luang University ( 2023 - Present )**

Bachelor of Engineering (Digital and  
Communication Engineering )

- GPAX - 3.82

**Universitas Brawijaya ( 15 Sep 2025 - 21 Nov  
2025 )**

- Exchange Program
